Lecturer – Dr Tony Williams

Tony Williams is a consultant histopathologist, working at University Hospitals Sussex and Birmingham Women's and Children's Hospitals.
He is a screening professional clinical advisor for the cervical screening programme.

Lecturer – Dr Jason Wong

- Gynaecologic Pathologist at Norfolk and Norwich University Hospital, UK
- Past president of the BAGP
- Former organiser of the UK Gynaecological Pathology EQA scheme

Lecturer – Dr Pinias Mukonoweshuro

I am a Consultant Histopathologist with a specialist interest in Gynaecological pathology including Cervical screening histology. I am based at the Royal United Hospital Bath NHS foundation. I am the current BAGP general secretary and have previously held roles as host for ISGYP LiVE webinar series, BAGP council and National Gynaecological EQA.

Lecturer – Dr Trupti Mandalia

Trupti is a Consultant Histopathologist at Royal Devon University Hospital. She serves as the Lead Gynaecological Pathologist and Lead Cervical Screening Pathologist and is currently the Deputy Organiser of the National Gynaecological Pathology EQA.

She is passionate about teaching and has delivered numerous local, regional, and national educational sessions over the past 16 years.
